KOHLER

Living on the Leading Edge of Design and Technology

From products that perfectly combine design and technology
to overall kitchen and bathroom solutions,
KOHLER brings a gracious living to every customer

KOHLER.

A singular level of exceptional quality. It’s the guiding principle that Kohler Co. has been founded upon. Because of this commitment, we are constantly making breakthroughs, from single sanitary products to overall kitchen and bathroom solutions. KOHLER continuously enriches its product line, integrating outstanding design, innovative technology and creative artistic inspiration.

KOHLER has long been one of the most recognized brands around the world. In 2016, Fortune Magazine named Kohler one of the “25 Most Important Private Companies,” citing KOHLER’S “highly influential” impact on kitchen and bath design.

The devil is in the detail.

The Manchester United Collection

Taking inspiration from the club's legacy, the sophisticated Manchester United Collection reflects the Kohler history of leading-edge design and quality craftsmanship. Our design team celebrated our partnership with the club through stylish and bold all-black bathroom styling. The striking features include alternating layers of matte and glossy black, grey tones and touches of red emphasizing details like the Red Devil logo.

BATHROOM
FAUCETS

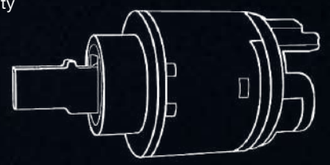
Why does a KOHLER faucet make your space so special?

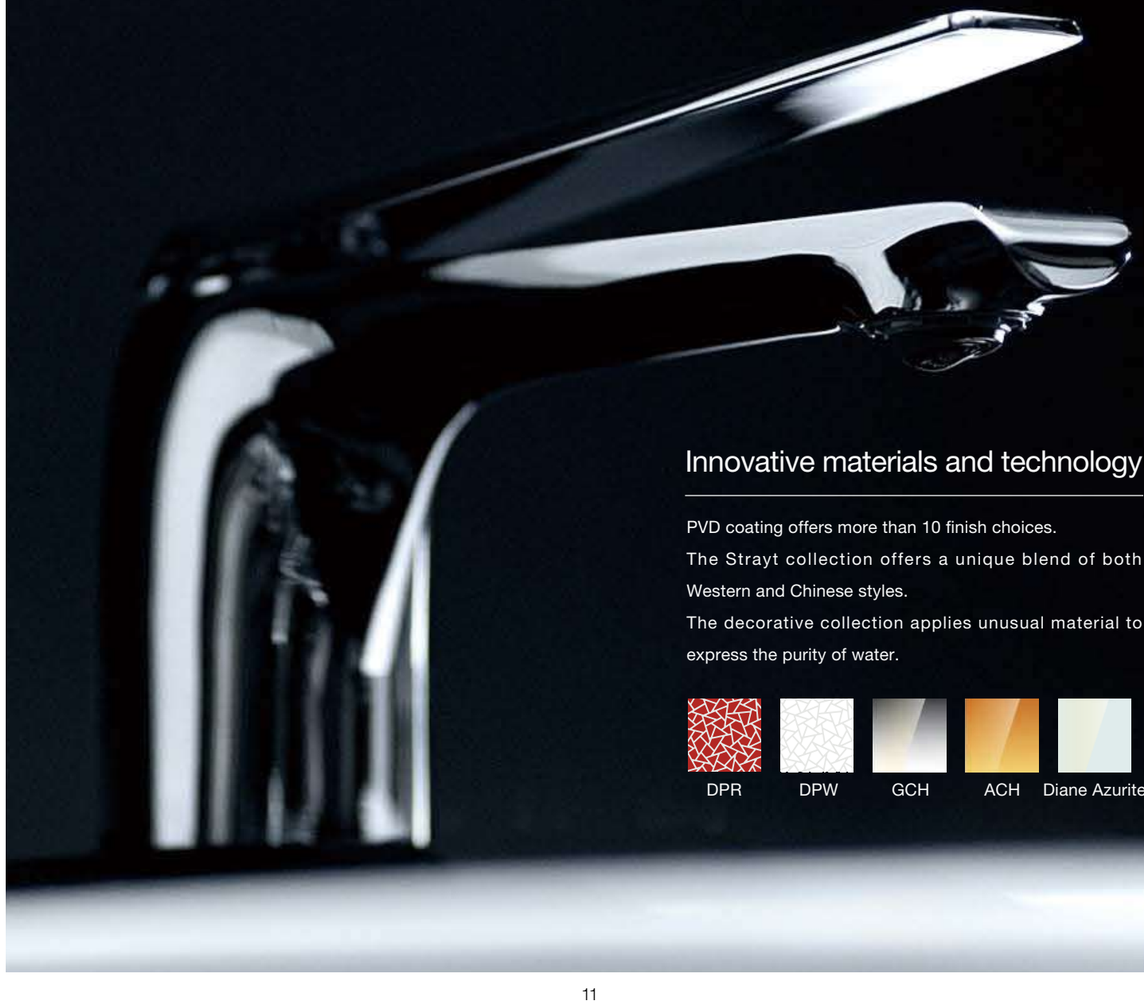
The infinite creativity of KOHLER designers results in diverse faucets styles — whether trendy, classic, contemporary or minimalist — each style boasting its own distinctive personality and dignity. We can admire their lustrous colors and Vibrant PVD finishes while enjoying the smooth, comfortable operation of European-made ceramic valves — features that make every KOHLER faucet a timeless creation.

Ceramic disc valves

Imported European valves have extraordinary quality.
Solid ceramic material ensures durable performance.
Kohler ceramic disc valves exceed industry longevity standards for a lifetime of durable performance.
Smooth cartridge design brings silky experience.

*Kohler Internal testing numbers for reference





Innovative materials and technology

PVD coating offers more than 10 finish choices.
The Strayt collection offers a unique blend of both Western and Chinese styles.
The decorative collection applies unusual material to express the purity of water.

DPR DPW GCH ACH Diane Azurite

Finish with confidence

Our vibrant finishes have exceeded the industry standard 24-hour salt spray test, passing more than 48 hours of testing with no corrosion.
Easy-to-clean coating with unusual finish technology.

A variety of aerators

Aerator adjustable by 7 degrees helps to reduce splashing; Silicon material makes cleaning easy, improving cleaning experience.
Auto-clean aerator automatically removes scale deposits to ensure a smoother water flow.
Easy-to-change aerator, can be changed simply with a coin.
Eco-flow aerator provides larger water coverage, meets the water-saving standard.*

*Water-saving standard ‹0.1L/S

Beitou™

The Beitou™ faucet collection from Kohler strikes a balance between architectural forms and the stunning displays of nature. The result is a peaceful interplay of invention and appeal that speaks to quiet moments of sanctuary.

SHOWER

PRODUCTS

KOHLER defines the ultimate showering experience.

What makes for a great shower — is it water temperature, water flow or the feel of water on your skin? A truly comfortable bathing experience comes from thoughtful considerations of all these aspects. KOHLER's thermostatic valve ensures a comfortable water temperature for your shower, constantly maintained at your preferred setting. Our revolutionary Katalyst Air technology infuses each drop with air, guaranteeing plump, soft water drops that feel like natural rain and dew on your skin. As for the water flow, you can choose from a variety of modes to customize your shower water flow just the way you like it!

INTUITIVE. IMMERSIVE. ICONIC.

The Statement™ showering collection with Anthem™ controls and valves feature unexpected designs, indulgent spray options, and a range of universal forms. The versatile portfolios are meticulously crafted to fit all global plumbing standards, opening the door to truly seamless specification and unfettered creativity. Visit our virtual portal to explore the possibilities and unleash your imagination.

Shape the Ultimate Showering Experience

Design

The voluminous forms and approachable designs are inspired by iconic furnishings, bringing form and finish to the forefront without overwhelming the space.

Experience

Signature spray experiences create wholly immersive environments that drench the body and relax the mind, fostering a sense of wellbeing.

Ease of Specification

A diverse portfolio and universal designs that align with global standards allow for unrestrained creativity and seamless specification—anywhere in the world.

Ease of Installation

The collection features an array of uncomplicated forms, ensuring simplified installation in global regions.

*detailed product information coming soon

Versatile Controls, Transformative Experiences

Design

The clean, unexpected look of Anthem controls is reminiscent of common household appliances, while remaining intuitive and familiar.

Experience

Advanced outlet control provides independent access to each shower component. With precise command over temperature and volume, users can enjoy a highly personalized experience.

Ease of Specification

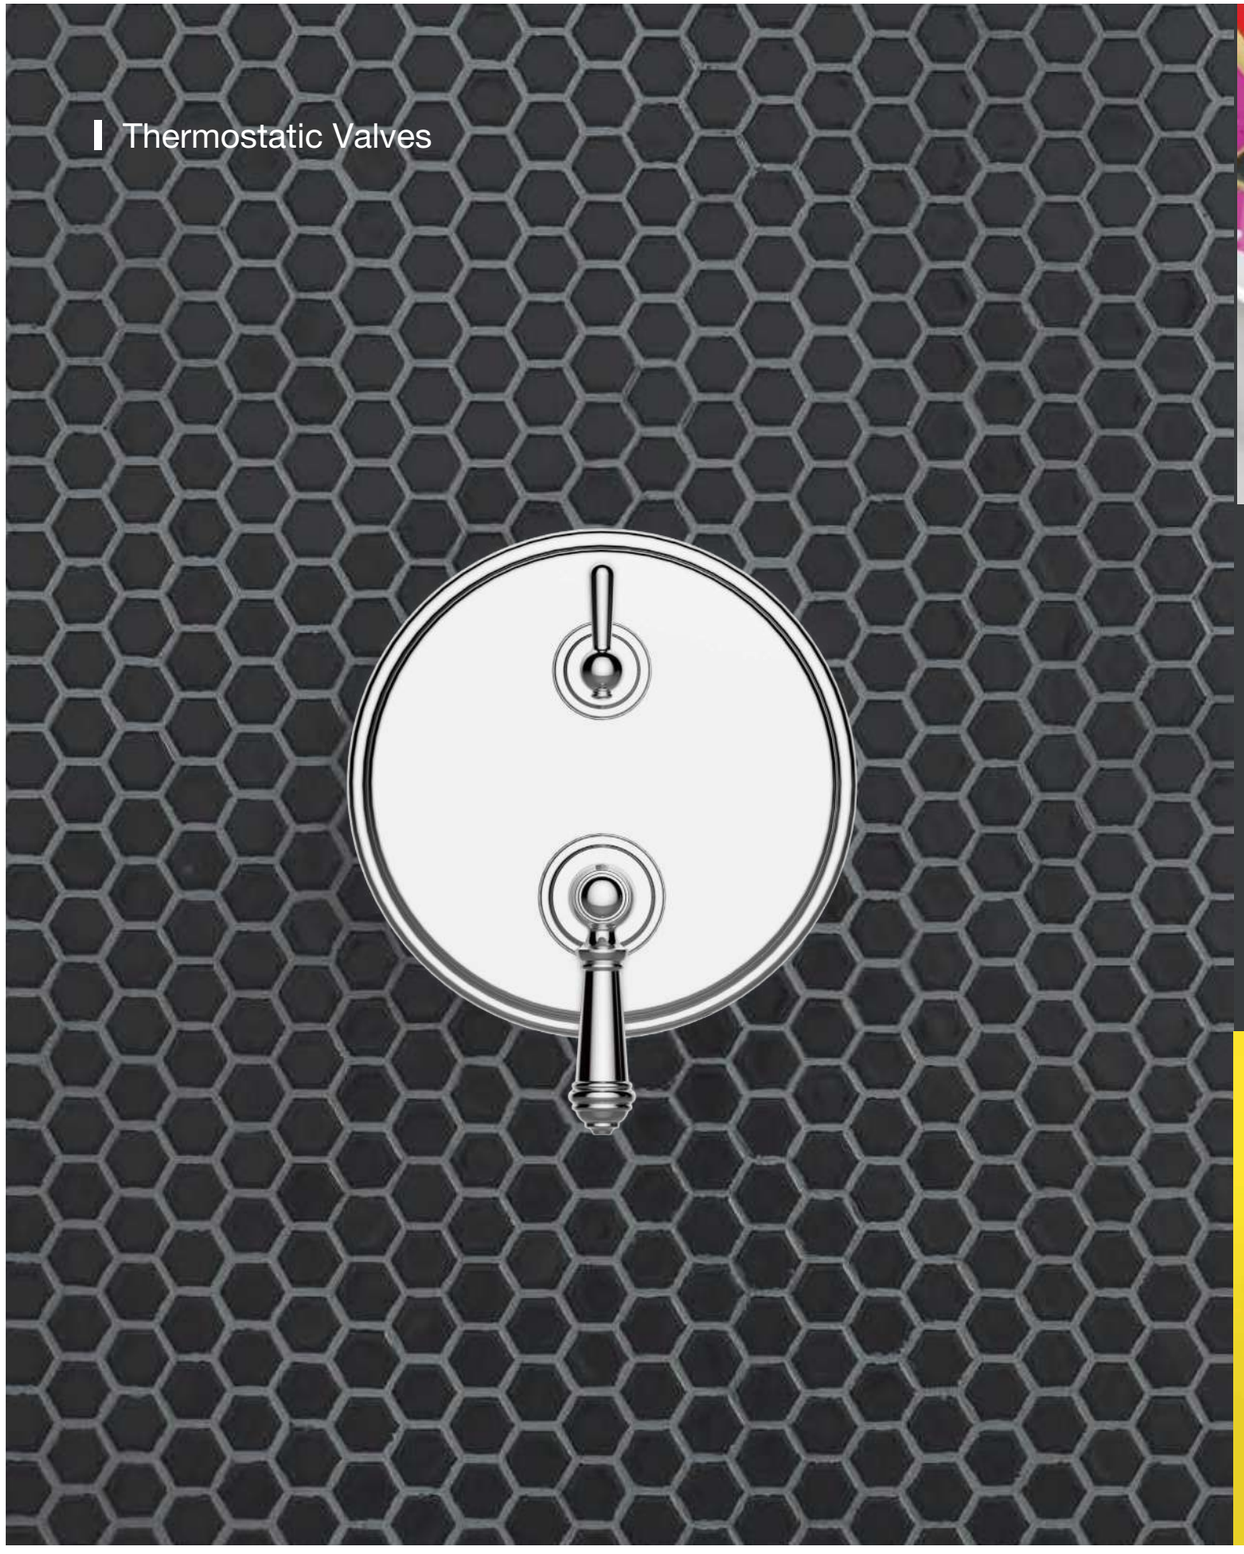
The universal design aligns with global standards and can accommodate up to six outlets in a single control. The result is truly seamless specification, anywhere in the world.

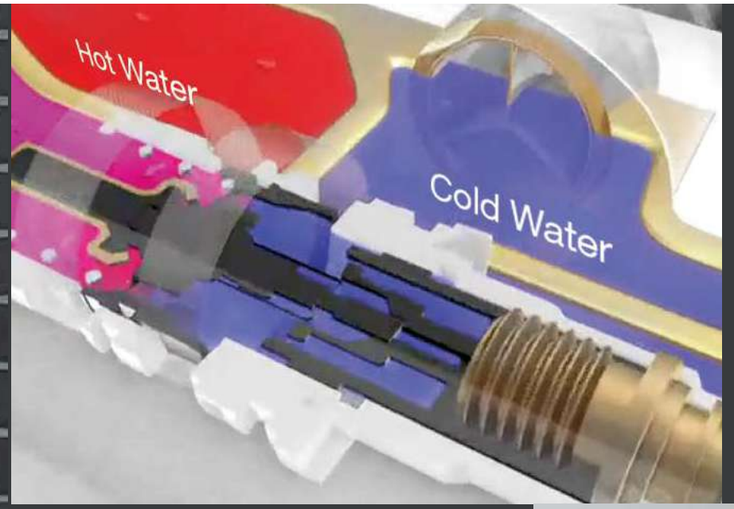
Ease of Installation

Needing only hot and cold inlets, Anthem valves reduce the number of required connections behind the wall for a refreshingly simple installation.

*detailed product information coming soon

Thermostatic Valves





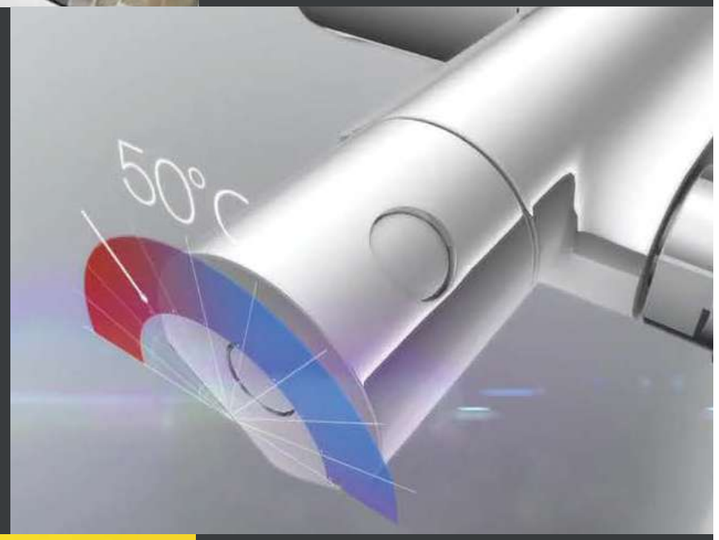
Precise Temperature Control

Parafin valves bring an immediate response within 0.2 seconds to changes in hot and cold inlet water, protecting against water temperature fluctuations as small as 0.4° C.*

*Kohler internal test for reference

Maximum Temperature Limit

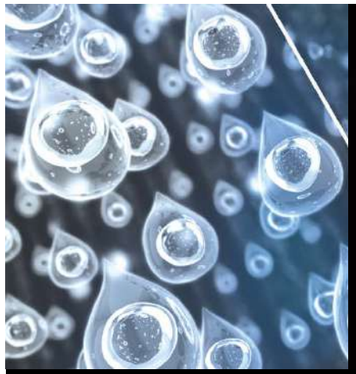
Automatically restricts water outlet temperature to prevent scalding in extreme situations.

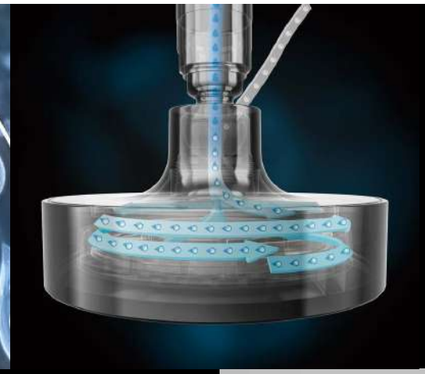


Premium Materials

Kohler ceramic disc valves exceed industry longevity standards for a lifetime of durable performance. Lifetime limited warranty under normal conditions.

*Kohler internal test for reference





Katalyst air-induction technology

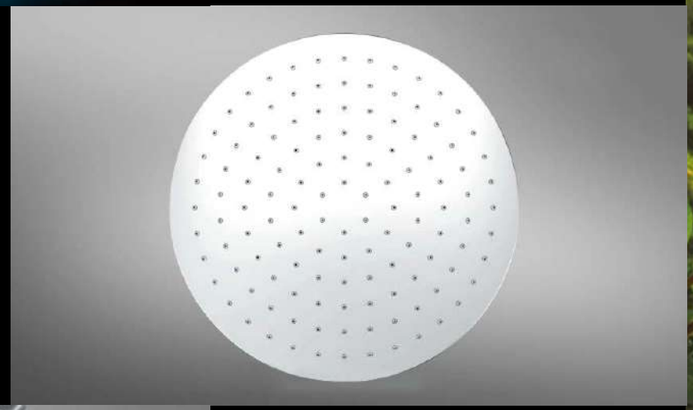
Infuses 50% more air into your showering products, effectively reducing water use by 50%.*

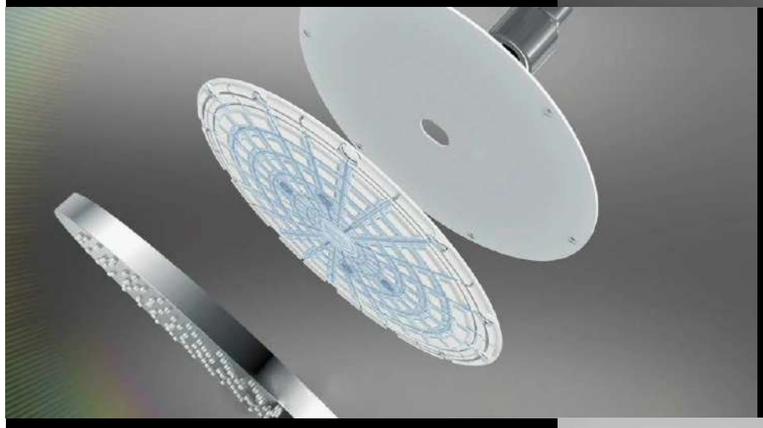
*Kohler internal test for reference

Optimized nozzle design

Scientifically designed nozzle distribution optimizes water coverage and comfort, ensuring the best showering experience ever.

The large 1.3mm nozzle creates bigger water drops with less water by mixing in air.





Advanced internal structure

Upgraded waterway distribution ensures better mixing of water and air, reducing residual water. The structure is more robust with added hidden screws and fewer exposed ones on the back plate.

Non-dripping design

Self-levelling technology used on shower-heads also reduces residual water.

Katalyst+ Showerheads

Drenching your showering experience with Katalyst technology

Real Rain

Real Rain overhead shower panel is designed with 775 nozzles on a sleek silicone surface, to replicate the gentle droplets and angles of a natural summer rain.

AIRFOIL™-XINYUE Shower Panel K-45219T-7-CP

AIRFOIL™-XINYUE Showering

In a contemporary and minimalist design, the Airfoil shower panel with body sprays and handshower creates an extraordinary showering experience reminiscent of showering under a beautiful, energizing waterfall. Featuring Katalyst™ air-induction technology that infuses two liters of air per minute into the water, the result is complete showering coverage with full, heavy water drops. In addition to the panel, other options include wall-mount and ceiling-mount Airfoil showerheads.

KOHLER.

MODULO™

Inspired by carefully considered shower upgrades, the Modulo valve system is a platform that makes it simple to install a variety of valve configurations into a range of wall types and showering options, to give you the ultimate in personalized showering. Choose the valve that will create the showering experience you want — from a basic shower to a home spa experience. Combine it with a stylish trim option and then install it in an arrangement perfectly suited to your needs. By starting with the Modulo valve system, you open up a world of KOHLER showering possibilities.

EXHALE™ Shower Filters

To restore urban shower water to its natural pure state, we introduce the Exhale Shower Filter, to hydrate skin when showering. The Exhale Shower Filter can effectively remove impurities and harmful substances from water, such as residual chlorine and heavy metal to bring you a fantastic showering experience for exceptional skin and hair care.

EXHALE+
Shower Filter
K-R21812T-CP

- Improved efficiency of removing residual chlorine and heavy metal in water. Indicator reminds you when its time to replace the filter.

EXHALE+
Shower Filter Replacement
K-R21813T-NA

- Vitamin C- and KDF55-infused removes residual chlorine and impurities from the water.
- Indicator reminds you when its time to replace the filter.

EXHALE
Shower Filter
K-R72914T-CP

- Filters thoroughly and prevents scale buildup
- Indicator tells you when to replace the easy-to-change filter
- Simple, elegant design is compatible with any shower system

EXHALE
Shower Filter Replacement
K-R75751T-NA

- Prevents scale buildup for better health

KOHLER.

SENSOR

FAUCETS

Add more brilliance to commercial space.

Whether design, color or performance, KOHLER always offers discerning choices for restrooms in commercial space. Multiple flushing options combine with unique automatic sensors to provide a convenient, hygienic system for commercial restrooms. Want to make your commercial restroom space look more artistic or trendy? Start by choosing a KOHLER sensor faucet!

Invisible Sensor and Water-Saving

Invisible Sensor Technology

Hidden sensor inside the spout, brings consistent and precise experience

Water Saving Technology

Saving water without sacrificing performance, 30% less water usage than LEED standard.

Finish Options

Rose Gold (RGD) | Vibrant Brushed Nickel (BN) | Oil-Rubbed Bronze (2BZ)

Avid™ Duo Sensor Faucet

Cutting-edge technology

KOHLER'S cutting-edge technology with two-in-one design (water flow & soap dispenser) provides a completely touchless hand-washing experience.

LED lights indicate action

Intelligent soap-dispensing mode makes for clear and convenient user experience.

Lasting coating

Passes Kohler's strict salt spray test, which up to four times the industry average!

BATHROOM ACCESSORIES

Far more than a casual afterthought, today's innovative line-matched accessories by KOHLER have the sophistication and functionality to inspire an entire aesthetic. Moreover, they showcase your distinctive style, imagination and unique ability to achieve the exceptional. Today, more than ever, KOHLER accessories are taking personalization in the bathroom to an entirely new level.

Vibrant PVD Coating

Vibrant Gold and Silver finishes bring an exquisite elegance to your bathroom. The new Vintage Black coating complements the Devonshire series to create a classic, nostalgic presence. The Rose Gold finish introduces an understated luxurious ambience to your bathroom. Polished Titanium Silver is the look of the future with its silver grey matte color. Trending in the world of fashion, it's becoming the finish of choice.

Convenient "Add on" Installation

Thanks to a strong adhesive that has been certified through rigorous testing and that can be removed without damage to your walls, accessories can be easily installed without drilling holes.

KOHLER.

KITCHEN

FAUCETS

Classic, lifetime design

The design of a faucet intended for a hectic kitchen space must give primary consideration to practical use. Close cooperation between designer and engineer guarantees not only the reliability and safety of KOHLER faucet materials and craftsmanship, but also offers easy operation and cleaning. Practical concerns aside, a kitchen faucet should also add just the right eye-catching touch to highlight your smart but trendy kitchen.

Faucet Functions

Helping you work faster and easier in the kitchen, our faucets include innovative features. Choose the functions that complement how you prep, cook and clean in the kitchen.

The KOHLER® Advantage

Innovative designs and technologies – that's the KOHLER advantage. Magnetic docking, sprayfaces that withstand mineral buildup and effortless hose control provide functional versatility.

DockNetik®

DockNetik is a magnetic docking system located within the spout that securely locks the pull-down sprayhead into place.

ProMotion®

ProMotion technology combines a braided hose with a swiveling ball joint that won't kink or tangle for effortless sprayhead control.

MasterClean™

The MasterClean sprayface withstands mineral buildup and wipes clean with a wet cloth.

SwitchGrip™

The sprayhead on the Graze® semi-professional faucet rotates in 90-degree increments, which allows you to set the spray button exactly where you prefer it – to the left, right, front or back.

Sprays

Kohler offers one of the largest selections of faucet sprays, each designed with thoughtful technology to stay on task for years. Sprays help streamline kitchen tasks, quickly fill large pots with water, gently clean delicate fruits and sweep dirty dishes clean.

BerrySoft®

Delicate fruits deserve a gentle touch. BerrySoft spray is light enough to gently rinse produce.

Sweep®

Sweep your sink and dishes clean with Sweep spray's wide, powerful blade of water.

Boost

With the touch of a button, Boost technology will increase your faucet's water flow by 30 percent.

Ring

Great for everyday cleaning tasks, ring spray offers a precise and powerful flow of water.

Stream

This option provides a full, aerated stream of water that's great for quickly filling large pots.

Effortless Control

Flexibility and Durability

Flexible hose and pull-out spout rotate freely to get to every corner of your sink without drips.

Easy-cleaning kitchenware focuses on the details

Magnetic Docking

The Gonzalez sensor faucet uses the DockNetik™ system with internal magnets for quick, exact and convenient placement of the faucet head.

DockNetik™

Easy-clean

Soft Spray

BerrySoft™ spray is designed for cleaning vegetables and fruits.

Hands-Free Operation

KOHLER touchless kitchen faucets free your hands so you can speed through cooking and cleanup tasks while enjoying a cleaner, more hygienic kitchen environment. The intuitive Response™ technology is in tune with your every move: a simple wave of your hand — or an object such as a pan or utensil — turns it on or off. The sensor is precision-designed to provide quick response and reliable operation every time when you're working in the sink area.

Powerful Spray

Sweep™ spray is designed for cleaning dishes and bowls.

KOHLER.

KITCHEN

SINKS

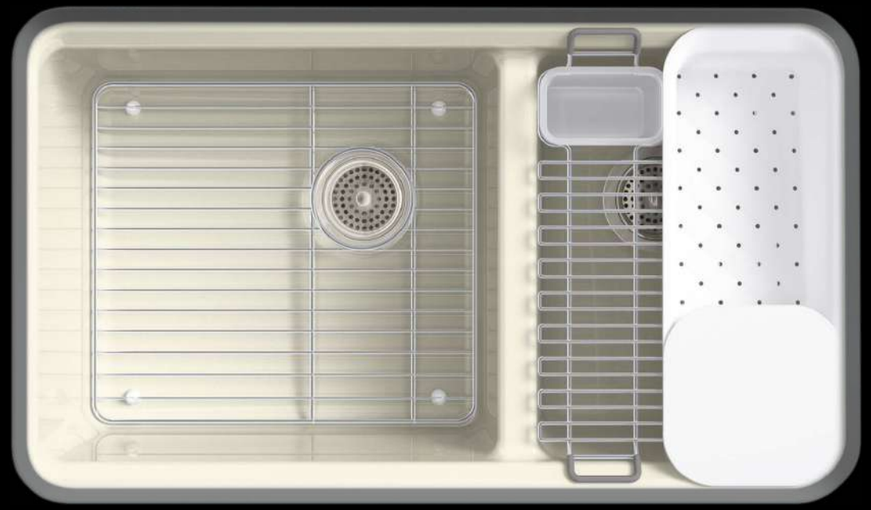
Used for both preparation and cleanup, sinks truly are the workhorses of the kitchen. But that doesn't mean they can't be beautiful. KOHLER kitchen sinks provide outstanding versatility in terms of color, shapes, sizes, materials and multiple configuration options. They also deliver exceptional durability, with heavy-duty cast iron, stainless steel and fireclay composition.

Easy Clean, Easy Life

CLEANABILITY & HYGIENE

Oil Resistant Finish™

Stainless steel is rust- and stain-resistant and easy to clean; just give it a quick swipe with a sponge. Some models are even available in an oil-resistant finish with enhanced performance; "The Quickflow Dual Strainer and 50 mm anti-bacterial trapway significantly improve the basin's hygiene.



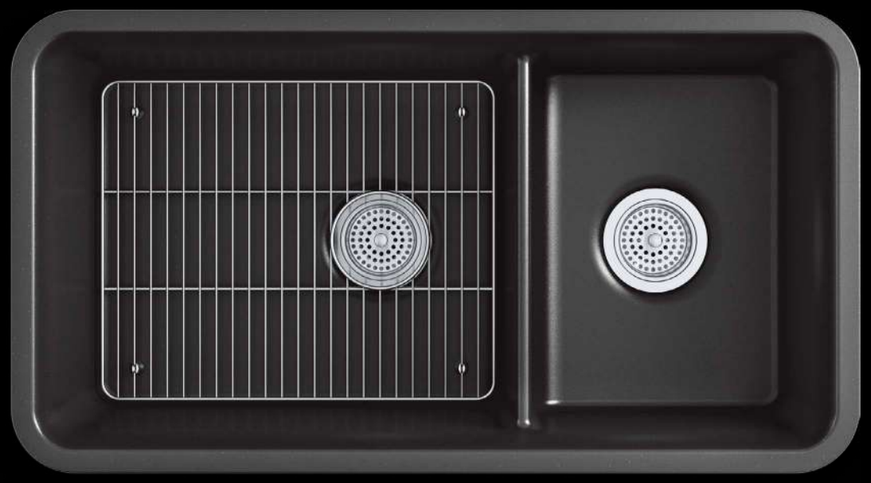
KOHLER® Enameled Cast Iron

Nothing else has the solid presence and makes such a strong statement in the kitchen like KOHLER enameled cast iron. The rich, colorful finish makes its own bold statement as it complements your countertops and cabinetry. No other material offers the character and craftsmanship of KOHLER enameled cast iron. Its rich finish and lasting presence Its rich finish and lasting presence will bring beauty and elegance to your kitchen for years to come.

STRENGTH
KOHLER enameled cast iron sinks withstand whatever your family dishes out, from heavy pots to searing skillets.

STYLE
Go bold with deep hues, be subtle with pale tones or choose a finish that adds dimensional character.

SOUL
Made in Kohler, Wisconsin, our cast iron sinks embody over 145 years of KOHLER craftsmanship.



Stainless Steel

Stainless steel is eminently practical and extremely versatile. It's resistant to staining and easy to clean. Let your style shine with more than 120 stainless steel sink shapes, sizes and designs. It complements any kitchen and is a favorite of enthusiastic cooks and designers alike.

DURABILITY
This classic, durable material lives up to its name. Hot pans won't hurt it and it's less less likely than harder materials to damage delicate dishware that may slip from your grip.

CLEANABILITY
Stainless steel is rust- and stain-resistant and easy to clean; just give it a quick swipe with a sponge.

SOUND ABSORPTION
Every KOHLER® stainless steel kitchen sink features SilentShield® sound-absorption technology which significantly reduces noise from clanging dishes, running water and garbage disposals.

PRESERVE® SERIES
Our line of Preserve stainless steel sinks features a unique scratch-resistant coating that offers even more protection to keep your sink looking newer longer.

Neoroc® Composite*

With a smooth matte finish that works beautifully with a variety of countertops, the rich, dimensional color of Neoroc adds warmth and style.

RICH COLOR:
Neoroc composite sinks offer a warm matte finish designed to complement countertops with a solid color throughout.

ROCK-SOLID DISIGN:
Exceptionally durable,Neoroc absorbs the impact of falling cookware and is scratch-, stain- and chip-resistant. Hot pots and pans won't damage the surface.

*KOHLER kitchen sinks are backed by a Lifetime Limited Warranty.

KOHLER.

STRIVE™ Large / Medium Undercounter Kitchen Sink K-97827T-F-NA

SilentShield™ technology by KOHLER provides exceptional sound absorption, sharply reducing noise from dishes, running water and disposal. SilentShield also reduces condensation and helps maintain water temperature.

Sound-Absorption Comparison Test

Silent — Loud

Fabricated kitchen sinks in KOHLER Satin Finish, exquisite craftsmanship and better anti-scratch performance.

With SilentShield

Without SilentShield

REFINED WHOLE-HOUSE

WATER FILTRATION SOLUTIONS

The quality of life is not limited by space. The KOHLER water filtration solution purifies water with outstanding power in a small footprint and stunning style. It provides solutions for small units with consideration of space.

KOHLER WHOLE HOUSE FILTRATION

GEOG™ Auto Prefilter

Automatic Mode Cleaning

Customized settings for filtration and automatic self-cleaning

Dual-Waterway

Dual-waterway swirling design rinses the inner and outer surfaces of the filter

High-Precision Stainless Steel Mesh

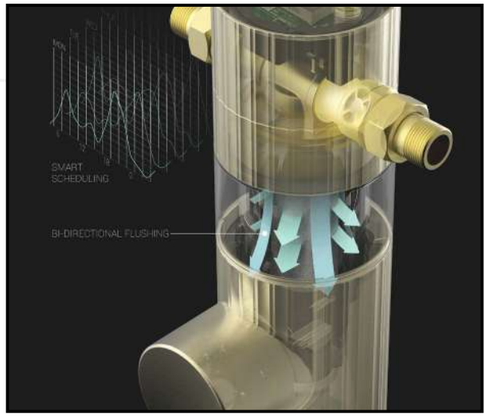
50μm high-precision stainless steel wire mesh can effectively reduce sand, rust, colloidal matter and green moss in pipeline water

Premium Brass

Brass material exceeds AB1953 (US) and GB18145-2014 (CN) standards

Digital Control Panel

Premium gold color and glass panel, with digital display



360° rotary scraping and cleaning function

Customized settings for filtration and automatic self-cleaning

GEOG Auto Prefilter

FINALIST 2018

Product Code	K-21727T-PF040-Q73
Product Size (mm)	161(D) x 210(W) x 337(H)
N.W(kg)	3.5
Nominal Diameter (DN)	25
Connector Size	G3/4"
Filtration Accuracy	50μm
Range of Application	Public water
Working Pressure	0.1MPa-0.4MPa
Working Temperature	5°C-45°C

First choice for family use

Toobi™ pre-filter series

Advanced Material low lead content

Kohler Toobi pre-filter is certified by SGS (a CMA certified org.) with a high standard applied to food-grade safe materials

Kohler Standard		GB Standard*
Lead content ⩽0.08%	VS	Lead content ⩽0.5%
Leach volume <0.001mg/L		Leach volume <0.01mg/L

*Standard code: <GB/T 5231-2012>

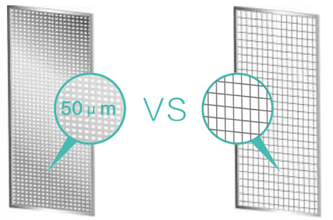
SGS TIPS

SGS is short for Société Générale de Surveillance S.A., a multinational company headquartered in Geneva, Switzerland, which provides inspection, verification, testing and certification services.

CMA is short for China Meteorology Accreditation, an inspection certification mandated by the Chinese government. The agency recognized by CMA is legally responsible for providing trading certification, test results and quality evaluation.

50μm Filter Net Safe Pre-Filter

Effectively removes sand, rust, gel and moss in the water



Kohler Stillness filter | Normal flexible material filter

3 Steps to Deep Cleaning

STEP1:
Turn blowdown valve down (vertical).

STEP2:
Rotate transparent cover.

STEP3:
After 5 minutes, turn blowdown valve up (horizontal). Note: time may vary in different situations.

Protect your water consuming appliances

Prefliter

The iF Design Award is regarded as one of the most important design competitions worldwide and is recognized as a symbol of design excellence around the world. Submissions are judged by renowned experts, with the best designs receiving an iF seal of outstanding design quality. The best-of-the-best designs are awarded an iF Gold Award, known as the "Design Oscar".

Kohler Toobi prefilter won an iF Design Award in 2016 for its premium design, environment-friendly concept and excellent performance.

KOHLER WHOLE HOUSE FILTRATION

AERODYNE™ Central Filtration

1 Premium Material

Imported coconut shell activated carbon, combined with NSF-certified food-grade KDF particles, removes impurities, residual chlorine and heavy metals in the water, providing safe water for you.

KDF Process Media

KDF (Kinetic Degradation Fluxion) process media are using an oxidation/reduction (redox) reaction, which reduces heavy metal contamination, chlorine and hydrogen sulfide.

Activated Carbon

Coconut Shell carbon is an excellent filtration medium, having high density with a balanced pore structure for efficient absorption.

☑ Chloramine ☑ Chlorine Taste & Odor

Heavy Metal

It can reduce over 90% of 77 harmful contaminants

Item	Unit	Test Method	Test Result		Filtration Rate (%)	Required Standard
			Public Water	Purified Water

2 Smart

Select your preference for use time and capacity, or mixed mode.
Monitor dual-dimensional filter information.
Filter warning and expiration information show clear product use status.
Holiday Mode regularly generates fresh water to avoid bacterial growth.

3 Simplicity

A simple and durable tempered glass panel stays new-looking, even after an extended period of use.
Touch buttons are combined with modern technology for elegance and style.

Soft water brings a healthy life

Aleutian™ Water Softener Series

Food-Class Polyester Resin

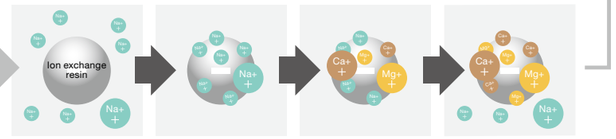
Kohler water softener applies food-grade Rohm and Haas polyester resin, which is certified by U.S. Food and Drug Administration (FDA). Effectively facilitates the chemical reaction to eliminate Calcium and Magnesium, softening the water.

TIPS

Rohm and Haas polyester resin is regarded as the leading resin in filtration, with much more exchange capacity to take up Calcium and Magnesium ions.

Extends house appliance lifespan

In a dynamic balancing process, water softening capacity is continuously regenerated by replacing Calcium (Ca+) and Magnesium (Mg+) with fresh saline water.



Polyester resins are unsaturated synthetic resins formed by the reaction of dibasic organic acids and polyhydric alcohols.

The negatively charged resin beads attract the positively charged Sodium (Na+) ions, beginning the softening process.

The positively charged Calcium (Ca+) and Magnesium (Mg+) ions that cause hardness in water are also easily attracted to the resin, and thus they replace the Sodium (Na+) in the water.

As the resin becomes saturated with Calcium and Magnesium ions, the exchange medium must be recharged (regenerated) with fresh sodium ions, to restart the process.

Self-regulating ensures soft water is always available

Economical and green, dual-regenerating system saves the softner and water by avoiding water-consuming peak periods and regulates the cycle based on your own usage.

Self-regulating

Environment-friendly Holiday Mode

Easy configuration to extend resin lifespan when you are not around on holidays.

Better water experience

Purified Experience

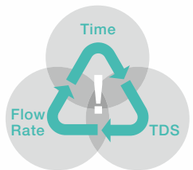
Carafe™ Point-of-Use Water Filter

Bringing purified water to your eyes

1 Records every drop of water

Time, flow, TDS volume under supervision

TDS instant display records every single drop of water

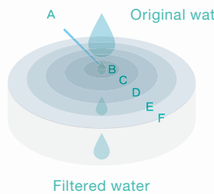


Status indicator informs you of lifespan and malfunction

2 Tank-free brings freshness and effectiveness

With top quality DOW RO filter

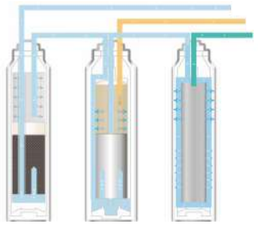
No stored water, more freshness
High-speed water outlet



Waste water rate lowered to 1:1

Intelligent cartridge

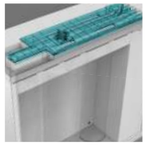
3 Simplified spacing
Compound cartridge saves space



1. Kohler 3-level integrated cartridge
2. Compound cartridge provides easy installation and prevents risk of leaking
3. Takes up less space

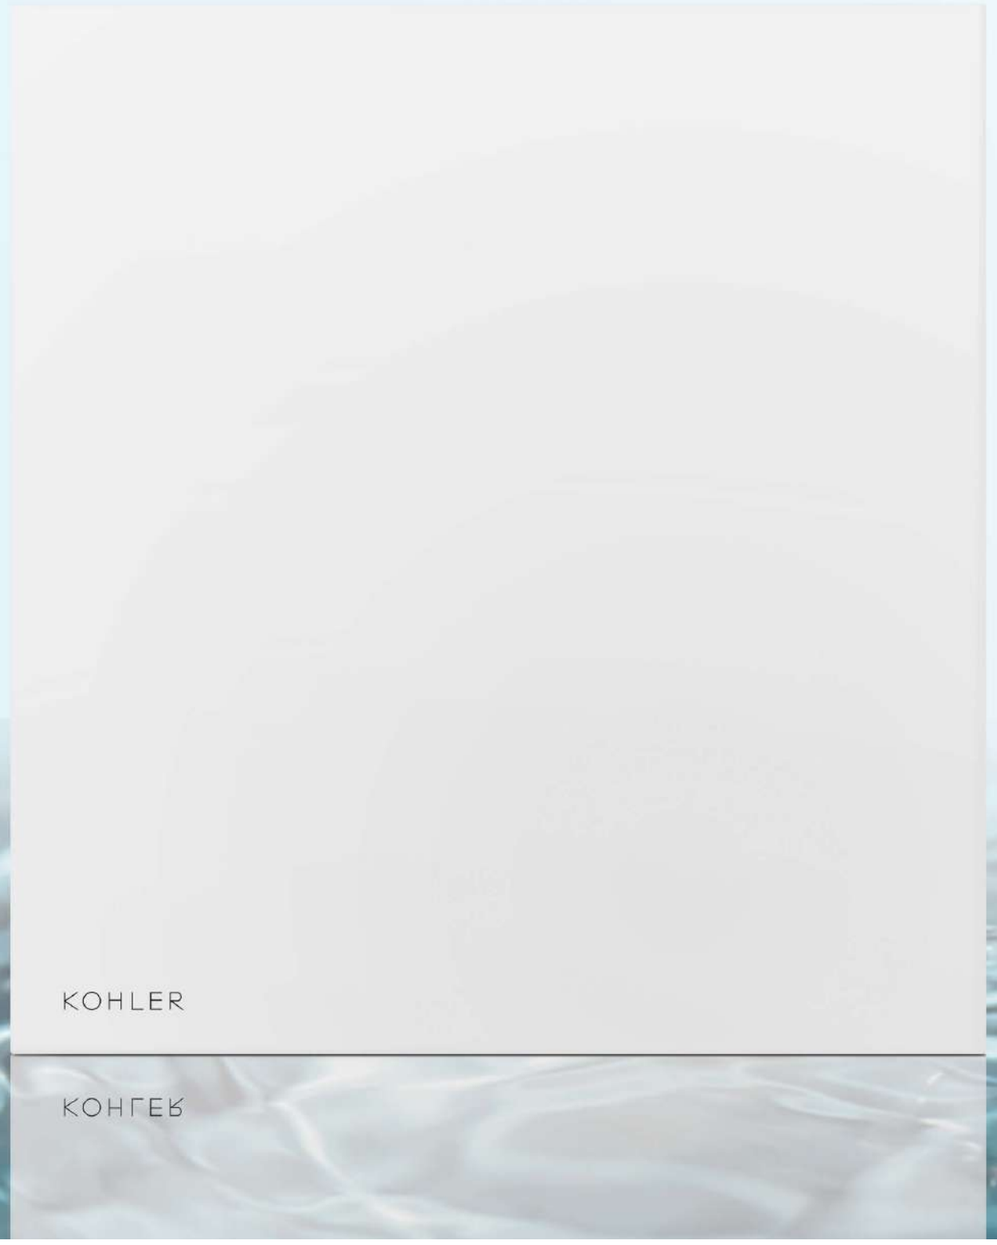
4 Less noise, less leaking

Spring structure
Reduces noise, protects the pump



Integrated waterway
Integrated internal structure reduces risk of leaking

Sealed cartridge design
Reduces secondary pollution



Minimalist Design

Tankless design brings freshness
Steady and screw-free
Dual cartridge for space saving

Concentrated in 149 mm
Honored with IDEA and Red Dot design awards

KOHLER WHOLE HOUSE FILTRATION

AQUIFER™ Filter System

1 Premium Materials

A carbon block filter made of ground-up coconut shells and a filter made of hollow fiber membrane.

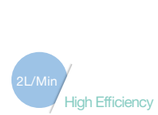
Carbon block filter: Reduces Chlorine taste and odor, Chloramine, Particulate Class I, Lead, Asbestos, cysts, Mercury, Turbidity, and select Pharmaceuticals.
Hollow fiber membrane filter: Reduces over 95% of perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS) in drinking water.

Activated Carbon Particles
Less internal surface area
Lower Absorption capacity
Lower Filtration efficiency

Activated Carbon Fiber
More internal surface area
Higher Absorption capacity
Higher Filtration efficiency

2 High Efficiency Filtrition

Filtration waterflow: 2L/min - It takes only 5 seconds to get one glass (175ml) of purified water.



As you use clean water in washing and cooking your food, or making your morning coffee or afternoon tea, natural taste and flavors are preserved.

Note: 1.Filtration efficiency (%)=(Inlet water volume - Outlet water vlume) / Inlet water volume x 100%

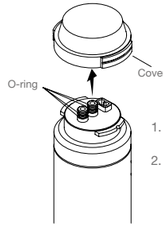
3 Compact & Space Saving Design

Aquifer has an easy-to-install design that saves you time and headaches. Plus, it allows plenty of room beneath the sink for storage and appliances.

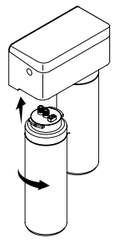
4 Easy Replacement of Cartridges

Aquifer® filter cartridges can be easily replaced with one hand.
DIY, no need to get a professional plumber to do the job.

Aquifer® filter cartridge can be easily replaced with one hand.



1. Remove and discard the cap from the new filter cartridge.
2. Inspect the filter cartridge for damage. Verify that both sets of O-rings are present and are positioned correctly in the grooves.



3. Align the filter cartridge so the label is to the left, and press upward so the filter cartridge key engages into the filter head.
4. Use your hand to rotate the filter cartridge counterclockwise 90° until it stops and is securely engaged into the filter head.
5. Write the installation date on the new filter cartridge labels.

New Drinking Life

Kitchen Water Filtering & Heating System STANCE™ Series

Kitchen Water Filtering & Heating System STANCE is an integrated appliance for water purification and heating. You can precisely control the temperature and amount heated, for a healthy and convenient drinking experience.

Multi-stage Filtration
Double carbon rods, reverse osmosis filtration,
UV sterilization on dispenser.

Easily set desired temperature and amount
Say goodbye to stale boiled water; freshly boiled water is ready in an instant anytime.

Lock in nutrition and taste
Presets deliver the best taste:
40°C for Milk Powder, 85°C for Green Tea, 95°C for Coffee

25°C/500ml

Replenish the body's needs

After getting up or exercising, drink a cup of warm water.
Awaken the body to replenish moisture.

40°C/120ml

Lock in Health and Nutrition

Brewing milk powder for your baby at the right water temperature ensures the best nutrition and guards your baby's health.

85°C&95°C /240ml

A Healthy Life
Pure water helps release natural taste and smell

The sweetness of green tea and the fragrance of coffee.
Appreciation does not need to wait.

KOHLER.

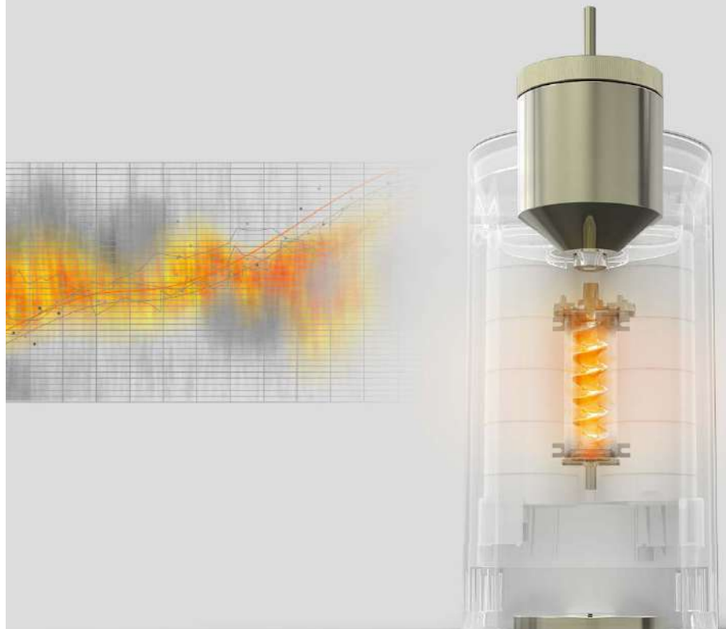
Whole Hygiene System

From the water inlet to serving outlet, the entire process of filtration, sterilization, heating and dispensing ensures your drinking water is pure and clean.

When not in use:

4-hour Cycle

UV sterilization of water tank and water outlet In sleep state 36 hours: automatic cleaning of the water tank.
Clean, energy-saving, convenient.



Smart Heating Technology

Intelligently matches the best flow rate and optimum heat for the selected temperature every time.

Rotating Selection Technology

Special double rotary lever enables quick selection of temperature and amount.
Excess water in pipe is discharged rapidly.
Cold and hot water do not intermix.

Finish	French Gold	Chrome Plated
Dimension (W x D x H)	188 x 418 x 430 mm	
Net Weight	10 kg	
Power	2,2000 W	
Rated Voltage	220V~/50 Hz	
Flow	0.13 L/Min	
Inlet Pressure	0.1 ~ 0.4 Mpa	
Inlet water temperature range	5°C ~ 38°C	
Applicable Water Source	Tap water	

Filter Pitcher that can sterilize

Kohler Pitcher Symbol™ Series

Ultra-filtration, Ensures pure and carefree drinking water

Triple purification without residue

Activated-carbon from coconut shells and ultrafiltration membrane effectively removes impurities, residual chlorine and bacteria.

Fresh, pure water at your fingertips

Each filter cartridge can purify 200 liters of tap water to meet the three-month drinking needs of a family of three*
(*Based on an estimated 800ML/person/day)

Ergonomic design

Light and convenient, easy to lift and move
Smart reminder to replace the filter
Separate water channels prevent secondary pollution

Hermetic seal design

Prevents mixing of purified and impure water
Ensures water quality

Light and convenient

Easy to lift and move

Easy-to-replace filter

Round filter design is easy to remove
Easy to replace without tools

LED displays filter life

Easily check status of filter
Timely reminder to replace filter

Transparent tank

Easy to clean
Easy to see the water level
Easy to use

Small but great for health and convenience

Ultrafiltration technology (PU type)

The Symbol Pitcher Series is a water purifier designed to use tap water as the water source. Using ultrafiltration technology based on KORTECH's natural gravity filtration system, its innovative hydrophilic materials and triple filtration system effectively remove bacteria, organic matter and residual chlorine caused by old urban water pipes or pollution and other harmful substances from the secondary water supply tank. The unique composite technology ensures the long-term safety of the water purification system.

First, water passes through a dense mesh filter made of non-toxic and odorless Polypropylene material, which can effectively remove floating particles in the water, such as rust and sand, and protect the core PU filter unit as well.

Second, the water passes through activated carbon with a high iodine number, which traps organic contaminants such as volatile phenol, chloroform and carbon tetroxide and rapidly absorbs residual chlorine to improve taste

Third, the water passes through a filter made of hollow fiber-membrane wire with very fine pores, which retains the beneficial minerals in tap water but further intercepts bacteria, suspended solids and other impurities in the water, to ensure pure water quality.
